watch the movies...some pretty cool stuff.  
\*Starts looking for stealth guys lurking about\*

Ahh, old memories....  
I remember i heard of that at the TV...

It's still fascinating...shock:

Edit: I just read into it again and I'm not as impressed anymore. :-\ But it still makes sense, once you think about it.

Terminator 101Wow, that is soo cool. So how come it is not used in everiday life?

Because it only works from one view point.

If you moved to the side the image would be offset.
