We like boring hello's. They're professional and don't have you coming off as a moron. Plus, we're friendly, just not when people do stupid shit.

It's nice how you can speak for the community as a whole without having consulted the community as a whole.

Well, would you rather say, "yeah, we like exciting hellos," and then have him spam like that again? Plus, we're often times friendly....often times.

The way you did it was fine, but you missed a "=". You had [quote="ogm_liek_i_am_DaVyse_XD"] where you needed the = after quote.

We only have one requirement here: Be able to use and understand basic grammar and sentence structure, or someone will get it into their head that you are an an evil antichrist that likes to kill cats for sick sadistic pleasure.

That said...

Oh shut the fuck up already. I really don't give a shit about you or BC. You were falsly accusing xptek and I chose to help defend him. I am not saying that ALL accusations were false, but some were. That's where this shit started between you and me. If you want to be an ass and continue it, fine, but I'd rather just leave it be.

In case you didn't know, #Bitchslap was just a channel created so that I could debate with you and xptek without the rest of everyone's bullshit.

By continuing this bullshit, you are making yourself out to be as dickheaded of a person as you're trying to make me out to be.

I DIDN'T start shit with him at all. Go back and read my first post. HE is the one who started any argument with me, and I stopped and actually helped him on something, so stop talking, you have no reason to continue any longer. That would do the both of us a favor.

These are "Renegade Forums", not "Grammar & Spelling Forums" -- how people post is up to them, although posts that have more correct grammar/spelling are a lot easier to read. Welcome

That's why we stress the fact that posts should be readable. It's not always to be an asshole, but so it helps them and us as well.

Enough. Shut up, all of you. I'd hate to be harsh to any of you, but this crap has got to stop. Instead of holding all your grudges, for silly or serious reasons, you should be forgiving eachother and caring for one another, regardless of whether the person(s) apologize or not.

Face it, this world is bad enough, do we really need any more hate, vengeance, bitterness, and conflict?
