Skins and stuff.

So please be nice I have turned around my ways of flameing.

I lost my links (I didnt think I would lose anything because I didnt have anything important)

So like give me links to where I can get skins for guns, tanks, characters, and buildings (don't think the buildings one exists but might as well ask anyways).

Thanks alot.

But I didnt see any wepon skins

Also is there a place I can get Skins for each indavidual character, Becuase I don't want skin packs becuase I Don't want all charactors the same.

Btw I'm looking for wepon modles like M16, M4. P-90, M24, M82, M9.XM8,MP5.

That sort of thing.

and for charactors I am searching for maby a pathfinder like sniper outfit.  
and pretty much stuff like that if it helps you.

They can't get you weapon skins, because weapons aren't animals and you can't remove their skin and put them up for sale.

I would like some bear skins though. You know where I can find any?
