Didn't he say he wasn't going to post updates here anymore, because of Aircraftkiller's constant bashing?

Hypocrite.

I believe this was what he wrote....

Renardin6

Some people here dislike us and our mod, every single thread started for an update is turned into a renalert discussion by ack or his ass lickers...

I won't post any more updates here, moderators aren't making a good job here (thx for your post crimson, but that don't and won't change anything). I think some people should get a ban sometimes for their behavior.

Well, If you want to see updates about Reborn, if you like our work : come here ->
<http://WWW.CNCREBORN.DE>

A lot is coming soon.

Renardin posted here because his site is down and he promised an update on the reborn forums

that was sceduled for today. Thus this thread is not really an update, it's just a message informing of the status of that update which was promised and has been delayed.

Then why does it say in capital letters "BIG UPDATE"?

Only one guy intelligent here. I never said I will post the news update here. I said I won't post new update here again. I don't lie. It's just a message for the people of Reborn forum. We had some problem with website.

:rolleyes: to all of you, except SHOKAgent. lol

I know about the AK-97... It's just a replacement weapon for next beta.

If you have a better idea or other concepts, please, make a suggestion.
