Crimson, do we need to vote on having some sort of intelligence test that you have to take before you join?

FYI: I'm just letting everybody know...I am getting most of these cheats so I can test them in a private server (most likely a1jcserv) to learn how to better identify cheaters in my server and the servers I moderate.[/b]

Movie link was dead before I could see it, but after some bot spammed the link to people in IRC I can tell you to go to hell. RenGuard > your cheats.

Yea, this loser posted at our forum too (www.conquerworld.me.uk)

His post was moved to a private area where no little kids like him could look at it.

DarkDeminMe and j_ball430 got the wall hack working in a private game.

Yeah, I took out Dark's buggy. I'm gonna continue to test it today, I'm gonna try the "Extreme" damage hack to see how easily detectable it is.
