Thanks for the information, spreegem. I downloaded Ren Guard. Glad someone made an anti-cheat some of the servers I played on had people killing everything in one shot with just the Auto Rifle soldier... That can seriously turn someone off to the game, and I was worried about it myself.

Thanks, for the welcome everyone. I really enjoy the game. I've been reading up on how to texture the character's in renegade, and I've been looking for good skins to hold me over until I get it down. Anyone got any good links I can steal? Or any good files you can link me too?

Ammo used to have a big databse, but they went down. I don't know really. You can get some awesome replacement models in the 'Ramjet' thread.

Oh.. and NeoX, I've been treated with kindness by everyone so far, so I don't exactly know what you're talking about but maybe you should take icedog90's, j4s[p]'s, and z310's advice. ^_^ I know I haven't been here as nearly long as you have, so I can't really say you're wrong, but we'll see.

GunVixenOh.. and NeoX, I've been treated with kindness by everyone so far, so I don't exactly know what you're talking about but maybe you should take icedog90's, j4s[p]'s, and z310's advice. ^_^ I know I haven't been here as nearly long as you have, so I can't really say you're wrong, but we'll see.

You've only made 4 posts, but I don't like you. No-one gives a flying fox about introduction posts, especially those on an official forum. this isn't something like, say, ugin.net with a closer-knit community. it's another training program designed to teach you one thing...if you aren't one of us, you're one of them. err wait, that would be the matrix.

If any other newbie happens to be reading this in a blue moon (or even a red moon), please don't make an introduction post because no-one gives a fox who you are or the fact that you've just joined the community.

And you had to be a complete asshole? Maybe Vixen just wanted to introduce herself (?) to the community. Most of us didn't, but that doesn't mean that you should shit all over her (?) attempt to be a part of the community. Maybe you and NeoX should both take Rosy Palm, go in your corner, and make yourselves feel big. (Sorry, I used this earlier. One good run deserves another)

You can be a part of the community without introducing yourself and boring people to tears.

I won't debate that, but you know how girls are. They like attention.

Seriously though, Vixen wanted to be known in the community...so? If we actually thought Vixen was an idiot for posting this, wouldn't we have said something earlier than this in the thread? There's nothing wrong to an introduction thread. While they may not be desired, they're still not frowned upon, in my opinion. All you had to say was welcome and then ignore this thread...but did you? No. It's your own fault for being bored by this. You don't have to read it. Also, how the fuck

would you know how we feel about it? I'm not bored to tears by it, and I'm guessing that most aren't.

Flaming is a problem everywhere, and I would think that if an introduction thread really "bored" someone they wouldn't even bother reading it to begin with. I could also care less what some random idiot over the internet thinks about me, like flyingfox.

I'm just glad a majority of you don't follow in, flyingfox's, perfect example of how not to act. I appreciate the time everyone has taken in this thread, but I won't bother posting in it any longer, because it's just going to end up a pointless flame war.

(@Aircraftkiller) I want a drum of oil

(@Aircraftkiller) They're only like \$50 I think, full barrel of oil

(@Aircraftkiller) I just want the barrel of oil

(@Aircraftkiller) Then

(@Aircraftkiller) When someone comes over, and asks you "hey dude, is that a drum of oil? Real oil?" You can say "Yeah. Where's YOUR oil?"

(@Aircraftkiller) Because real men own oil.

flyingfoxGunVixenFlaming is a problem everywhere . . . <snip>

The problem is you're retarded. you signed up to this forum a week ago and introduced yourself as if anyone gives a fuck you who are. it's boring, but more importantly annoying. why oh why do people post pointless threads saying "hi i just joined the forums your all nice and kind lol me sissy pants". that happens to invoke a great in me, so it follows logically that I had to respond. PLEASE DONT DO IT. by the way jball, people did say something about it earlier. notice the 2

deleted posts? probably 2 other people with great hate towards spammers too. let's not count the ones who didn't respond at all..

if it were my way, I'd delete the topic and ban you. pah. I hope you realise introductory threads are immediate cause for ban at many forums. (SA, captain obvious..)

Shut the fuck up . He was just saying hi, its not anything to get all pissy about.

Dude, don't worry about this guy, he's a moron.
