We are recruiting for members of these clans. If there is someone who can host a dedicated server we will find a way to put you in the clan and the clan creators are Me (Zeglcosnp) and xCourtney

E-mail me at Atokad006@yahoo.com if you want to tryout

They suck ass... We raped them 2v2 sniping, despite the fact that we're an AOW clan, and they kept whining about how laggy it was.... My ping never went above 150 that game, and I live on the other side of the fucking world as the PC the dedi's hosted on, so yeah.
