Issue resolved! They must have only been contracted to develop a portion of this game!

And how on earth could anyone compete with this guarantee?

Quote: v1.0 Patch Download It

This patch does hardly anything to resolve the variety of show-stopping bugs and gameplay issues plaguing this game.

LMFAO the patch for "Big Rigs"

They cannot even code a page that is standards compliant.

Let me guess.. they completed the whole game in one week?  
They hired a couple Russian braindeads to make the game.

The review was made in '98. Not really an excuse for a bad game, but at least it's better than Big

Rigs: Over the Road.
