Umm
for my server's is it possible to make it so it minimizes into the clock area? i want this done so there is no big tab at the bottom on my screen and hogging my space

There are programs out there that can send any program to the system tray. Do some looking around, if you can't find one I Will look.

http://www.actualtools.com/titlebuttons/minimize_to_system_tray_any_program.shtml

Took less than three seconds to find.

Don't ask for that here.

Hint: BUY the software. :rolleyes:
