I was wrongly accused of cheating by black-cell server and banned from them. I have been playing this game since it has been out and never did i cheat. the worst thing i may have done is snipe at a lag soldier in all the years i have been playing.

I have tried to solve my problem with black cell at their site but i give up. Many know me in

Renegade and all of them know I don't cheat. I had a good day sniping, 35-1 k/d, so they ban me. If they wont let me on their servers, its their loss. I just wanted to make sure they didnt ban my CD or something stupid like that. Oh, forgot to mention my WOL nick is A0Sweeper.
