Alright moron, let me get this straight with you.

1. cncreborn.com is legally owned by L3f7h4nd3d which is not a member of the Renegade Alert team anymore.

2. The Reborn team illegally hijacked the Renegade Alert domain names listed here:  
<http://www.renalert.com> , <http://www.renalert.org> and <http://www.renealert.net>

3. Their whole hijacking thing is lame, period.

---

Oh... And the quote below this text is a lie.

Renardin6Like I said on my forums, I have done nothing for that.

We don't own those domain names.

I don't know who does.

Reborn team is not responsible for those redirects.

I am sorry, I can't help for this.

I don't care if they use <http://www.cncreborn.com>

See my sig ? It's the only adress I promote.

I have something else to offer anyway :

Peace for good.

How peace ? simple, we shut the f\*ck up about each other mod. And we all promise to do it.

I do.

I take everything when it's doled out in a fair manner. We never registered <http://www.cncreborn.de> and called it ours. Lefthanded took .com because he thought it would be funny. He has not been a part of our team for well over a year and a half, and it was done in the last year.

It was not our actions which provoked this. Dumbass.

That forum n00b misspoke by alleging "we" did anything "first".

Hey, suppose we just did that last week, that I got up and said "Renalert dev team claims cncreborn.com as ours!" ...

First, they didn't have it anyways... So NOBODY "stole" that domain. It wasn't in use, nor was it going to be. If Reborn wants to go get <http://www.Renalert.de> to be funny, LET THEM. We're not using it, nor do we plan to.

Second, should that prompt the theft of 2, 3, 4 names? That's not quite eye-for-an-eye, is it?
