Here's Dri Reign as it stands at the moment:

TheKGBspy has been working on RA2: Vengeance a lot and a few updates have been posted recently: Soviet Kirov, Apocalypse Tank etc

SomeRhino hasn't been seen around of late, he will hopefully return sometime this month (School starts) and begin an overhaul of Sole Survivor.

We've recovered 12 out of the previous 30 Dri Reign comics that we lost when our hosting was unexpectedly cut. We also have the first of what will be many brand new comics.

If you've seen the forums when the new website was created, you'd also notice it's been changed a lot, any suggestions you might have about the forums and the website in general would be greatly appreciated.

Anything else you could want to know check out the website:

Thanks

Why is this in the modification forum?

Edit by YSL: It is mod-related...

Edit by Aprime: It wasn't a few minutes ago... :\
