So I went to EB Games to pick up a new copy of Renegade (my discs are cracked) and as it turned out the only copy they had left was Renegade included in the C&C Collection pack. This pack includes Tiberian Sun, Tiberian Sun Firestorm, RA2, Yuri's Revenge, and Renegade all for \$20.

My question is are any of these other 4 games good? The only one I've played is Renegade.

They're all worth playing, but I suggest trying Tiberian Sun and Firestorm before Red Alert 2 and Yuri's Revenge. You could go ahead and try Firestorm without trying Tiberian Sun, but I would NOT try Yuri's Revenge without trying Red Alert 2.

My final recommendation: TS campaigns first, then FS, then RA2, and finally YR.

TS was more fun then RA2.

I tried Tiberian Sun, and really didn't like it all that much. I personally think Starcraft and Warcraft III are much more fun.

All of them are good. I have all of them and played all of them in perfect order (because of the order of when they were released) except for Red Alert, I played Red Alert before Tiberian Dawn.

All command and Conquer games are the best you will ever play with the exception of Generals.

Tib Sun and RA2 = Classics

Well yeah, except Generals. If you look at it as some other game, it's fun, but if you think of it as a C&C game, it sucks.

Generals I thought was pretty good, even though it's not really C&C at all (it plays more like Starcraft imo)

Tiberian Dawn I still view as the best of them all, though probably because it's the first RTS I ever played. (A skirmish addon would have been quiet cool though)

All of those games are amazing RTS games. They all were amazingly fun to play and had decent story lines. I would recommend them to anyone.

NeoXWerd. Truly what I loved most about the Command and conquire series was the cinimatics I beat a level and that was like my reward.

Indeed it was.

My first was ra in the philippines in a computer cafe, two years later i picked up ra2, then yuri's rev, [barrowed]tibsun (thought it sucked, and was too hard), renegade(it got realy stressful when the cheats came in{too many people acusing me of cheating...}), generals, zero hour. Generals was a great game, the C&C thing made it look bad, but irony it was the only reson i got the game.
