I remember there being a Zero SP mod for Renegade and two other games. Can someone please list where to find this mod for all the games? Thanks

Yes. You're missing quite a few brain cells.

The Zero SP mod adds a "Master Cheif" and "Elite" character peoples to Renegade, and it was switched to multiple games, but I cannot find it for any of them, which is why I want it for all of them!

Didn't C&C Ammo save their database and put it somewhere else?

I gave our most popular files to <http://www.conquergaming.com> ... oh well.

The site has said "We are currently down for a site reload, we're in the process of adding loads of new content." for almost a year now. I don't remember "Zero SP", and I was download manager.
