Okay, this is stupid....

There was a guy on my team called Lagerb62 something or other... so i typed...

!donate lagerb62 500

I donated a few more times to him, and was kicked for complaining about "lag". :rolleyes:

I could never write his name in the chat, without getting kicked. I don't know if this is solely for ThePits, but something makes me think your automatic scripting needs to be re-written.

Note: Wooo 500 posts!

owned

nice find guess people have some.. adjusting to do with thier filters its like being auto kicked for saying things like overpass

BeanyheadFind a server that doesn't censor what you say. :rolleyes:

Don't say that, you're obviously wrong, since a teen rated game means it's okay for children to come in...

Yes, but doesn't it usually say on the box that "multiplay experience may vary"?

Yeah... :rolleyes:

(where r the rolleyes in ur so called sarkasim.?)

"Lie'n only makes it worse."Don't speak, freshman. It seems that you just don't understand that a rolleyes emotion isn't required for sarcasm. In fact, the rolleyes is usually an indication of contempt, not sarcasm.

Ok, after further speculation i find that AircraftKiller uses the (...) to signify sarcasim. The ... thing seems to be his motif. I withdraw my privius statment.

Atleast i can admit my own mistakes.

Textfiltering sucks especially if its for kicking people when they say 'fuck' or 'shit' sometime. Cencorship is gay.
