Yeah, it's Duel Arena & it's a cool DM map because the layout tends to concentrate both sides in a central 'holding tank' w/ doors that lock behind you. It's meyhem then!

On another note, we run that map on our server =RenWarz=The Order listed in GSA. It is unfortunately not listed in WOL. I'll get IP for those interested & I certainly invite you - it's an awesome server running quad xenon processor w/ overall great performance. We run ~40 'fan' maps in rotation.

The map is duel arena is hell:

basically once your in that little rectangular pit, you can't get out and must fight till u die...

the map can be fun with like 12 players, but its hell with 30-40 :/

if you want to see the chaos, join the unrules.com - new maps server.

Aww, come on Alk', you just diluted my shameless plug for my server! After, a year or two of banning everyone, we need some fresh blood! We are trying to be a little more tolerant...LOL

run wolspy guys, you will get more people to join... I always say more fan maps server the better... forces people to get more people to download new maps...

besides, if duel arena loads I just leave, much rather play it on renwarz where its actually fun.

once you go fan maps, you never go back.
