No, he'd only be a hypocrite if he said that he didn't care, you said that you didn't care, yet you are still posting in this topic.

how am I? Did I point out who it was without any proof whatsoever?

If it was renardin, then no comment on childishness, if it wasnt, then try finding out who it is, find proof before pointing fingers

Warranto is a moderator of these forums, so he can compare IP's. That should be proof enough if he says its Renardin.

Well, if it's RenArdin, I think it's safe to say that we are all going to die.

Psst... If there is a Retardin that signs up on the forums, can we assume it is Aircraftkiller?

Pendullumhow am I? Did I point out who it was without any proof whatsoever?

You're assuming that just because YOU don't know who it is, that no one else could know who it is, and if they did, they're just jumping to conclusions.

PendullumIf it was renardin, then no comment on childness, if it wasnt, then try finding out who it is, find proof before pointing fingers

There already is proof, and it is him. Now, just because you have no clue what's going on, doesn't mean that there isn't any proof.

Warranto said that he was Renardin in several threads, he apparently checked his IP and found that it matched Renardin's, which is why I posted that, and is the "proof".

Correct.

His IP may be dynamic, but when you get posts from both accounts posting from the same IP, 15 minutes apart.... I'd say something is up.
