If you've got it don't you agree that it is one of the best games ever (and I know that you can't compare it to Halo - RPG - Shooter) but it is as good as it or better!  
PS Renegade is out of date and offically sucks

So, we never said you weren't aloud to talk about other games. Maybe this forum is just to confusing for you if you don't understand why we ask what you are doing here.

Might I advise you to leave these forum, and spend your time with something that you do enjoy. Since you have a very simple sence of humor, I say Ebaumsworld would be a great place for you to go to.

I liked it better when fearrich wasn't around. He's been trouble ever since he joined. Non-stop complaining about others.

You can talk J Ball- well see ya - thanks Weirdo I'll do that. All I've got since I joined is insults from J Ball and Cowmisfit. Wonder if I can complain to Westwood/ EA bout the insults.

PS Just so you know the reason why I have a simple sense of humour is I'm a Brit. This means that that the rest of the planet doesn't get our humour. We also have a thing called wit over here (not sure if the US has heard of it).

1. I've just been defending cowmisfit. Plus, we're not the only two who see you as an annoyance.
  2. This is a privately owned forum by Crimson. It was given to her by Westwood as they shut down. She can do as she pleases with these forums.
  3. Here you go again with the insults on the U.S. THAT is why you've been harassed. You make stupid bigotry comments and then you act like we're supposed to take it. That is NOT humor.

sniper12345Or maybe because you don't have a life?

---

I have been here for 11 months.

$((5 \times 30) - 2) + (6 \times 31) = 334$  days.

$626/334 = 1.874$  posts per day (3 dp).

I'll make that 2 posts per day. So if I make two posts on a forum every day, I automatically have no life?

Fine if you think you have a life. Now stop wasting it.

How the heck is the wit comment insulting the US? I was just wondering if you guys had that over there (honestly I don't know - and no I'm not stupid).

By the way - sniper12345 it just seems that you do alot of comments at first glance - now can you all stop listening to Ball/Cow propaganda.

Go get Ace Combat 5 : The unsung War when it's released. Fable look's appealing but nothing beats the scenery and beauty of the skys and terrain in Ace Combat.

You'd make a good liberal if you were American. What fucking propaganda? You're an idiot. You keep insulting the US by making it look like we're more stupid than the UK and that we have no sense of humor. Yeah...that sure is some propaganda I've been spreading. :rolleyes:
