It is sad when someone relies on their post count on an internet forum so much, get a life.

you care about your post count too much when you:

quote a quote of a quote

tell a spammer he's a spammer more than once

need to spam up your post count

you can't seem to shake that n00bism off

lol those crazy Japanese...

Anyhow, did Crimson like tip off the FBI or something on him? All his posts were gone like instantly. Everyone keeps saying he's totally gone but he's not -1 as his member number signifying he's like deleted... I dunno. I want some official news on all of this. Poor dude snapped... Kinda sad to see him deteriorate so quickly. Like a slightly crotchety old man rapidly deteriorating into a... thing that's worse...

I signed onto the forums yesterday and at least half of the first page were posts by NeoX saying stuff like "aircraftkiller is a fag" and whatnot. Thats not a direct quote, but they were all basically in the neighborhood of "Im leaving these forums so Im going to call everyone I dont like names and spam my ass off".

At first I started just locking the threads, and then once I noticed that the entire first page was all locked posts I said screw it and just pruned all of his topics and posts for the past 7 days.

I don't "know" NeoX enough to like or dislike him, I was simply stopping the spam.
