It means you installed RenGuard over RenGuard and you've lost the Renegade game.exe (game.exe and game2.exe are the same) -- download <http://www.renguard.com/game.zip> to replace the file.

dl an installed it - click on game2 keep gettin rengaurd not installed correctly - ok uninstall it - reinstall it - click on game - rengaurd starts - says it is dl updates - ok - then it says complete restart rengaurd - np - click on game - CRC mismatch

any an all help would be great
