well about 2 months ago i sent out a mass email to all of my beta testers...since then, this is the first response that i have gotten...thing is, i had hoped to get some feedback from some of the members of my team, and except for the vehicle models, (recompile of custom scripts.dll), and a couple of maps, and some animations (ROLAN ROCKS)... i have gotten diddly, i will be re-evaluating my members list, and filtering through the ones that seem to be unresponsive, and absent...
