****UPDATED**

With our recent events that have happened with Dead6, this only aggravates our members second thinking Aircraftkiller's loyalty to anyone but himself. I can not go against the wishes of my team-mates and try to keep this relationship any longer.

It is with regret that even though APB was a project I led at one point, and strived to help keep alive, I must remove our affiliation with them due to recent events of there leading member.

Good to see the C&C community can thrive game-wise even without support from the original developers. Even though EA is making RA3, but that's beside the point.

He speaks his mind, and usually he is right. Can you dispute that Reborns textures suck? No you can't because they do. SO shut your fucking mouths and leave it be. Is it annoying with eh constint reborn sucks stuff? yea, but until they get another texture artist its still true.

For real? you could play without the always DAT file for Renegade and you would be playing without sounds, textures and scripts, just plain white characters, terrain and everything. I don't think it would be very fun..

Back to the whole POINT of this topic. I think it will be way better for the dead6 team to be able to follow themselves and not have to worry about other groups. With the team they have they got all the skill they need.

by the way, this thread proves how EVERY thread ACK posts in eventually turns into a bashing/flaming hellhouse.

Back to what I have said before now. ACK if your gonna stay here atleast don't act like a jackass and make yourself fucking usefull.

The term hero can be unisex, however, as you're trying to point out, hero is usually male while heroine is feminine.
