This was something that Aurora, Doitle, and I were discussing a couple days ago. We were discussing about how you can't say Christmas, and blah blah blah. When I saw this, I just couldn't help but to love it.

Serious, What's the fucking point in all this? OH MY FUCKING GOD!! SOMEONE SAID CHRISTMAS! I'M HURT FOR LIFE!!111ONE

OMFG U SAID SMTHNG RELATNG 2 1 RELIGN!!! U R GNNA B ARRSTD!!!!

We accept Rammadad(Sp?),
We accept Haunika(sp?)
We accept Kwanza(sp?)

WE ACCEPT EVERY OTHER FUCKING RETARDED RELIGIOUS POINT, WHY THE FUCK CAN'T YALL ACCEPT THAT WE WANNA CELEBRATE THE BIRTH OF THE LORD?!
Sure, Saying simple stuff like "Please don't try and force christmas celebration on us" is okay, But moving it to the point where schools aren't allowed to have christmas plays, Mall Santas are getting scarce, And we can't even fucking sing silent night is going TOO FUCKING FAR. Keep it up dipshits, And see if YOU'RE allowed to put a minoura(sp once agian?) in the window next year.

KILL THE ATHIEST THAT RUIN ALL SEASONS....

Frankly I think Athiest should keep there fucking mouths shut before I walk about with a shotgun and start shooting every fucking one I see. Why when 90% of America BELIEVE IN GOD and JESUS. Should 10% BE THE FUCKING PRICKS THAT RUINS IT FOR THE MASSES. It is like Black people with their affirmative action... Oh... my... god... Your kid can't even speak proper english and he failed math and I got all A's and he got all F's(exageration), and yet he can still get into a college before me.

They say we should tolerate their beliefs. NOW WHY THE FUCK CAN'T THE TOLERATE OURS. I mean, FOR FUCK SAKE, it is my fucking country too and I have my fucking first ammendment right. Fuck the public schools, who are Godaphobic. I like my nice private Catholic School were I can do whatever the fuck I want, say whatever the fuck I want, and believe in whatever the fuck I want.

You have to understand that not all atheists have the type of mentality you do. Some of us simply refuse to believe in any religion, but we don't go around trying to enforce our rules on others. In fact, we celebrate Christmas not as the birth of the Lord, but instead as a holiday of family, friendship, and giving. Hell, I sing Christmas carols, even the ones with religious themes, and frankly, I enjoy them.

<rant>

Just because some extreme Athiest fucks want to fuck with all that is related to Christianity doesn't mean that all Athiests are like that. The way I think the world should work is that people and organizations should be comfortable with whatever they say, without having to worry about people being offended. I'm not going to bend over for some snobby assholes who bitch because "OGM U SIAD CHRISTMAS MY POOR VIRGIN EARS!!111".

</rant>

I'm an Athiest. I do not believe in any deity, and I intend to stay that way. However, I respect other people's beliefs, and I will do nothing to prove them otherwise.

Oh my god... that is EXACTLY how I feel. If I had read it without your name I seriously would have thought I wrote it. I don't consider myself an atheist, though... because I don't specifically believe that a god doesn't exist, but I just don't believe in any of the existing stuff. However, I do realize how much many organized religions bring people together and keep their morals high.

I, too, also celebrate Christmas as a family gathering and an opportunity to give gifts. Besides that, most of my family are non-church going Christians and Catholics and who am I to be a party pooper.

Listen, you pre-pubescent fuck, you can't go around making assumptions about me like that. You know nothing of who I am, or what I believe in, so you have absolutely nothing to back up your statement.

And to come back at it, no, I would not beg God for mercy and to save my life. In fact, I would go over the memories of my life and wonder if I made an impact on society or history. If my time in this world has come, then it has come. I accept what fate dishes out, and if that means dying when my time is up, so be it.

And believe whatever the hell you want to believe, I don't care. Just don't EVER preach to me about being wrong in my beliefs. As an Athiest, I don't go around bashing Christianity because I don't believe in it. I suggest you don't bash my beliefs because you don't like them.

Atheists: It's fine if you don't like Christmas. Some people do. having the freedom to co-exist is what America is all about. We'll revisit that on the 4th of July, k?

Atheist Liberals: If you want to remove Christmas from everything and everywhere, don't celebrate it. It's fine with me.

I need someone working at Walgreens so I can buy AA's on Christmas morning anyhow. I always forget to get them before hand.

Don't like Christmas, then fine, you can go to work on Christmas, it's your american freedom to do so.

That is all.

Believe that load of crap all you want, You can not tell me you wouldn't think of your life when it comes your time to go. Thats complete and udder bullshit, you are human, its natrual, you couldn't stop it if you tried. You can say you don't belive in god and thats okay, and i can completely respect that.
