Merry Christmas one and all! Hard to belive it that its already that time of year once again, when the presents and trees are laid out, stockings are hung on the fireplace, then old saint nick comes and fills em all up even though he is not real! Merry christmas! oh what a joyful time of year, dont ask em why i typed all that, but i could care less what you think. Cause its that time of year, when there is goodwill and cheer!

Erg... I wish it was happier...

Okay, I open the Half Life 2 box up at my computer desk this morning, and what do I find? Two CD's, one broken and scratched, the other from the dead Dreamcast system. I'm thinking WTF??? So now, because out there someone shoplifted, I'm stuck with two disks. God damn it, if they don't get it free one way, they'll get it free the other.

All I wanted for Christmas was HL2, and for a happy Christmas, but some jackass just ruined it, at least the HL2 part.

I got food poisoning on Christmas eve, was throwing up since 7:00am Christmas Day so all I had to eat was a slice of bread, 2 paracetemols and a bottle cap of night nurse.

I spent 7 hours in bed with a bucket and a glass of water. Some Christmas

On the good side of things, I got a top quality boom stand along with a Ziljian ZXT titanium coated 18" China Cymbal and some 7A custom made AHEAD drumsticks. Also a £500 digi camera

Still, I missed out on my favourite meal of the year.

Jacket potato + salad and a bag of crisps earlier that day.

I don't really eat much these days, unless there are sausage rolls about the kitchen.

There was another illness which I have still got at the mo but I'll tell you now you really wouldn't want to know the details :S.
