Would it be nice to talk to your teammates and spare time of not typeing to your team mates. In most online games Have Voice communicate tool built in to the game. would renegade be able to do this it seem it could it would be nice to talk to your team Blackhand studios can you add this in your next core release please

the camel will prase you so much!

Yea but still the n00bstories server us to have a message that said something like "comeing soon"

---

Teamspeak regulator for renegade" or something close to that.

What ever happened to that?

Quote:"comeing soon Teamspeak regulator for renegade" or something close to that.

I also heard this several times and I thought well there is Teamspeak, Ventrilo, and RW, why another one?
