What's with the ranks? I am new to WOL , I've played GSA forever.
Am I doomed with 'Recruit' for the rest of my WOL experience?

"Recruit" in-game is just when you've JUST joined the game. The next match will remove the "Recruit" tag, and if you get the top score of the match then you'll have "MVP" next to your name.

If you're talking about your label on these forums; that will change if you post more.

Untill you, well, get ranked. Wich doesn't come east actually, ranks are reset all the time.

It depends on what you are talking about. Your number rank on the WOL ladder changes whether you win or lose. It all depends on your points!

The best I ever got was something like 190. I could of gone lower if I kept playing every night in the same big server.

Lies, not on WOL, most of the players are on Gamespy.

My highest on the ranks was something in the 20's.

No-one cares who uses GaySpy, that's just the point.

I've already betted \$100 that Renegade will be dead by September 2005.
