I was wondering if I could find some people that play Renegade that live in my area. It would be cool to find some local players that might go to my school or that just might be in the area.

Yeah, and I live about the 9 miles from DarkDemin, whereas his grandma's kitchen is no farther than 10 feet from my window.

If you're talking to me (which I don't think you are) then DarkDemin and I have known each other for about 11 years. It hasn't exactly always been friendly, but since about '99-'00 it has been.
