Aircraftkiller

Look, read, laugh at how silly you are. It's just the Internet, after all. I personally just take most everything with a bit of salt and continue with what I was doing before.

Example... I forget most things on the Internet from 5 seconds to 15 minutes. I don't harbor hate for some person I'll never meet, and I don't bother getting worked up over 99% of what I encounter online.

If you do, I seriously suggest you look into ways to find something better to do with your time... For your own sake. I can't imagine how you would act in reality if you allow little things like words on a computer monitor to make you incredibly mad and cause you to throw out "I hate you" over and over.

Plz, next time he argues, just quote this for him.

And don't forget : a nice 'ack' is an ack on the 'ignore' list.

Yeah, he started bitching at me when I used the word "hate" directed at him. Must be because devoted witches don't like being hated.

TheGunrunl think ACK is a myg0t or g00n.

g00n - These little bitches dwell in remote websites that continue to get shutdown by the FBI. All the while pretending that they are "1337" hackers when they dont know the first thing about computer coding let alone hacking.

Also see:
poser

AirCraftkiller - Knows what he is talking about MOST of the time. Although often more critical than need-be, often his advise should be heard and not criticized.

Funny how Aircraftkiller is on your ignore list yet you hide behind that so you can make comments about him. I don't think you even know what "ignore" means.

Grow up, you little shit.

I think ack is going though some real real life problems at the moment and is trying to regain his need for power by making sure that he is being thought of by being a assshole on the Forums. All i can say is that ack must be having a really hard time in the real world especially since he looks so god damn ugly.

HAHAHAHA no. I have no "real life problems," I'm perfectly content with my life as it is.

As for the ugly part, I don't have any interest in you. So why would your opinion of how I look matter to me? You're probably a male anyway, so I don't get why you're rating how other men look.
