SE is recruiting for players of all abilities for CS:S and Renegade.

stealth encounter is an British clan but has players from other countries too. However it would be best if the players are in europe so they dnt hav to get up at 6am to come to training

We are a clan that is emphising on the players themselves not on the higher ranked players, it doesnt matter on your playing ability, those that feel they need training in the above games will get it from our commanders and sub-commanders. Our clan leader SE-TyFo0nR is a good guy and likes to have fun while taking the games seriously.

Other games may be added to our clan if there is enough interest in them to be played in the clan.

The Clans aim is to play games and also to have fun. Tournaments and clan wars are held every month or so and all players have a chance to play in them.

And here I wondered why AnGeL needed two topics to recruit people. It's not desperation. It's the fact topics keep bursting into pointless flamewars, apparently. Whee!! *hurls a moltov into the fray*
