This has to be the stupidest one ever. Usually when you try to trick people you don't want to make it so outrageous that nobody believes it. Like ACK would let you into the team. Not to mention you wouldn't have posted something about the binoculars if you serious.

j\_ball430This has to be the stupidest one ever(so I say it and lose time on it ). Usually when you try to trick people you don't want to make it so outrageous that nobody believes it(what's the purpose of tricking people with normal stuff...). Like ACK would let you into the team(ack tried to recruit most of the members of my team like Kalle Bowo, PermaGrin...tsss when they said no, he said their work was shit ). Not to mention you wouldn't have posted something about the binoculars if you serious.(good way to trick even more people about a 'fight' with the team, try to THINK. no don't, you will suffer.)

It was an Idea of Chronojam. I tough it was fun. But I am not a "1337" dude as you. :rolleyes:

Just because your "April Fools" was full of holes doesn't mean you should slander me for seeing the obvious. OMG it's 4/01 and you leave Reborn for RenAlert... hmm, NO, that's so not obvious. :rolleyes:

Either way it was still full of holes. It was just too outrageous to be true. I mean, that'd be like me asking deadfive to make me a web site.
