It seems once again that EAX has attacked my accounts (MSN and here, obviously). I need to ask one of the admins to help release my name. Also, if anybody has any screenshots of the bs that they posted that would alert others that the name j_ball430 was "hacked", could I please see them? Thanks.

No, but I do need to get everybody's MSN that I had. They blocked everybody, so there's no point in them trying to message me.

You are obviously doing something to piss them off so I could care less what happens to you. If you are going to go over there and start fighting with them don't expect no consequences then come here and whine about it.

Don't go assuming shit. I haven't done anything to provoke them. I HAD provoked them back during the summer, but then we had a truce in October or November. Since then I haven't done shit to them at all. Hmm, yeah, I SURE am provoking them and then whining about the consequences. :rolleyes:

You, sir, are an idiot.

I sure I am the idiot alright , I bet. Keep telling yourself that while you are the one who can't use your renegade forum account.

Besides I'm not sticking up for EAX , I'm not taking pity on someone who deserves what they get.

Anyway he's a Reborn worker, I don't see any reason to continue insulting his intelligence when he's done it already.

I was "harassing" them some time around August or September. Some may remember this being when Cyberpunk had released his movies showing off his hacks. Well, anyways, I was attacked, and so on and so forth. A couple months go by and they attack Digital Depiction. We went to them and got a truce called. I HAVE been to EAX since the incident, but it's never been about attacking EAX. I just simply stated in renegod's thread that he's banned from here and his computer won't be working so well when people get a hold of his IP. Never once insulting him OR EAX. Then this morning happens.

Oh, and in case nobody has figured this out, Reborn sucks.

There is no logical sense in saying someone provoked retards like Cyberpunk. Fucktards like that carry out their attacks whether you provoke them or not, they always have and they always will (until his parents give him the big hug he needs, because I suspect they forgot about him)
