Everyone here in the forums hate me so I am leaving for a while. Since everyone hates my clan too. I have earned a bad rep around here and no longer wish to take all the trash talk.

And as for my clan goes.

RenGen does not seek revenge on anyone. We do not ask people to flood the clans who beat us. I have earned a bad reputation in the Renegade Forums here and want all the flaming at me to stop. I probably won't be in the forums anymore, at least for a while, until all you stop flaming about me and my clan. I will only come back when I am in DIRE need of some answers since everytime I ask a question all I get is:

:DEADFIVE FUCK OFF!"
:DEADFIVE STFU!"
:DEADFIVE YOUR CLAN IS GAY
:DEADFIVE SHUT THE FUCK UP!
:DEADFIVE YOU ARE A STUPID FUCKING ASSHOLE THAT NOBODY LIKES
:FUCK YOU ECT ECT ECT ECT ECT ECT ECT ECT ECT ECT ECT ECT ECT ECT ECT ECT

This is the response I get to every post I make, I no longer wish for any of this upon me. I apologize for any things that you may hate about me or if I have ever offended you. I apologize. But I no longer wish to take all this shit upon me. Goodbye, for now.

Don't worry, most people hate eachother around here. Flaming is part of daily posting and most can't take a joke. All mods suck for some reason and 80% of us are idiots.

Yes, that's the renegade community we have.

Flaming like that is a normal part of the internet (interweb).
Here's an example of flaming that was directed towards me:

<Story with a moral posted>

Me: Where's the punchline?

Author: the punchline is that you're a raging fag that takes it from both man and beast. Funny enough for you?

You gotta let things like that roll off your back. If people flame you, and don't like you a lot it was because you posted a hundred threads about your website.

All I've ever seen is "STFU" and "SHUT THE FUCK UP". That's said to everybody, and you deserved it with your posting of bullshit. It doesn't help that you made 10+ threads in less than 5 days about one topic.

Read his post.

Also, almost any forum you're new to will end up flaming you. You just have to get used to it, and after a while, it goes away (a great example would be Glyde).

It's kind of similar to being a freshman in high school, it's just human nature.

Ha, just take it on the chin. This is the interweb (or the information super highway for you cool people out there), every one flames (but i'm just not very good at it)! and every one gets flamed.

You started too many pointless topics, and many of them just didn't make much sense. Also, that topic about being hacked, trust me, that's one of those things you should have kept under your hat.

And yes, I am not just Bob, I am Pro Bob...

deadfiveThis is the response I get to every post I make

TOPIC deafive, TOPIC, not post.

You have never heard of reply deadfive, every little tiny question about your website must have a topic to itself.

deadfive Since everyone hates my clan too

You don't have a clan, it was deleted remember?

deadfiveI have earned a bad reputation in the Renegade Forums

Good observation, you earned it! YOU did, don't blame us. Quit making ridiculous topics and grow the fuck up whining about your clan.

deadfiveAnd as for my clan goes.

What the fuck does that mean?

You want sympathy that badly?

Come back when you have grown up and began to ignore that bloody 'new topic' button and we may welcome you with open arms.

I didn't get "hacked". Someone just found out my password and decided to take advantage of that.

Also, deadfive got "hacked" (or so he says) because he deserved it.
