..you're just as stupid as the people youre flaming. How can you blame someone for "screwing up a thread" when it's YOU who does the screwing up. just imagine for one second that everyone ignores the guy making the hateful post, and the thread goes on as normal. thread saved, and there was no need to take it off topic. there's no need to attack the post you don't like if it'll only boost what your victim was trying to achieve anyway....(a petty argument).... then try to say "but it was their fault". it is just completely contradictory and doesn't make any sense. So next time you think about saying "hey ack, STFU" you should probably take your own advice and might find the shutting up happens quicker than you thought.

And yet, they tend to keep on doing it. Therefore, if they learn early on that they shouldn't go off topic, they won't steer any more topics in that direction.

That sounds about right. It won't make much of difference though. When was the last time any one got warned, we all saw what happened when dead five was making a new topic every day. Nothing.

I agree with you completely, but I hope you know that starting this topic isn't going to help much at all, besides letting everyone know about your opinion.

Hey flyingfox STFU ok...Reborn > you.

Just kiddin' man! I'm with you 100% - when I see those, I find it much easier to just shrug my shoulders & mumble "meh" & move on with the topic.  
BTW, I'm really disappointed that we drove deadfive away (for a while anyway)- he was a diamond in the ruff I think...

Yeah, flyingfucks, this reminds me of that time you sent me a HATE PM. Dirty little bastard you be. Send me a PM on how I'm a jackass, I prefer being flamed in public. Go touch yourself in a hole, or touch your hole, or both, and use both hands so you can't type.

Why do you clear your cookies constantly? You don't need to do it that often unless you're extremely paranoid.

A Reborn lover?

First of all Angel of Dawn can die in a very miserable death for all I care for being such a manipulative asshole.

Second, I don't see how I'm a Reborn lover seeing as I've only played a very early leaked beta back in the summer of 2003. I'm not a big fan of mods.

Third, I'm paranoid about my computer because I somehow ALWAYS manage to get infested with malware and spyware which can leave tracker cookies and other shit on my computer which I simply don't want there.

Fourth you seem drunk.

Fifth You aren't on my ignore list because it's pretty much useless to me.

You could of just ignored him. Your reply pretty much blows the fact this thread tried to point out. Aircraftkiller just said that to make you reply like that.

I've offered for warranto, Blazer, and I to be asshole nazi moderators in the past and it's always been rejected. You can't have it both ways. I try to run these forums FOR the community and you should most be self-moderating. But the thread starter is correct, YOU are allowing him to manipulate you like that. Just because you see something you WANT to reply to doesn't mean you should. Honestly, if you guys didn't reply it would be easier for me to just delete the one post instead of trying to detach the derailed thread.

I'd support Nazi-moderation. A lot of things are going haywire here, and this place could use some anal retentive moderation.

Just don't abuse powers like Angel of Dawn did by deleting select posts and modifying posts, etc.... I'm not accusing you and I doubt you will do this because you wouldn't have pretty much given us free speech here on the forums.

So if you ask if I would like Nazi-asshole-moderation, I'd say yes.
