Yeah, but I am back because I don't care about the flaming anymore. And if these forums are going to clean their act up, then the people would just stop flaming.

Can you actually get any further up your own ass?

- 1) The border in those sigs is incredibly widely spread across the net, it's not uncommon to see sigs with borders like that.
 - 2) Don't tell these forums to clean their act up when you don't know the meaning of the reply button.
