Parents suck. There's no way that any kids under 10 should even know how intercourse is performed, let alone oral. I'm glad Child Protective Services were notified.

That is enough. I didn't read past that. I just do not want to know.

Kids only do what they've learned.. I would assume someone got ahold of daddy's porn stash, or.. God forbid, they were IN one of daddy's porns.

"

One day you and your brother are home sick from school, walking about the empty house. With this new freedom you look in the places your parents wouldnt let you before. A short while later your slapping each other as hard as you can with a rubber dildo.

You look at the shelves and see the title "Dads- Private Tape" on a VHS. Of course it must be seen. Ah plays right nice, "The Devil and Ms. Jones" a story of hell, a place were sex is active but

you cant climax. Only to have Ms. Jones push the devil to the edge and set a new standard.
"

Ah nothing like being a kid.

Well think of it this way, 6 years from now befriend one of the kids and everytime he goes to the bathroom make sure you have a teacher go with him.

Ah that would make for some funny times.

In fact 6 years from now i would like to talk to one of those guys.

Man reach all the way back to 1992 for that one?

Dont get me wrong, it is a very wrong situation and shouldnt happen in the common stream of daily life. What i said above was obviously ment to be a comical comment and in reality the kid shouldnt be tormented by people for it. (Dont want another one of those star wars kids suicide situations)

It wasn't meant to be a burn, it's the truth. I don't see how ANY comical relief can come from this situation. Plus, even giving them 6 years won't produce any better of an answer as to why they did this than they can produce now.

That, and I think his comments were out of order, but hey...

As for the situation, before a certain warranto starts enacting his new policies, I agree with j_ball - child services should go over this with a fine tooth comb.

It is illegal for under 18s to have sex already. The problem is that it is hard to enforce. So if a marriage was required to have sex, how would it be enforced? It would be hard to say you can

have sex, but if a child results from it, it is your fault. Because if someone is found guilty of it what is the state going to do? Charge hefty fines or sentence the parents to prison?

If kids are growing up in a society where they learn to do stuff like this at 6, then someone, somewhere fucked up in bringing them up. We have to eliminate that problem.

IRON FARTIt is illegal for under 18s to have sex already.Is it? I was under the impression that it's illegal only if there's a minor involved (eg, under 18) and the age difference between the two is greater than 2 years.
