Up and coming clan looking for well rounded players for GSA clan, we have our own server, and teamspeak. Requirements; TS2 all map packs from <http://www.unrules.com/> and a positive attitude. We play AOW and Snipe, we are expanding our clan to WOL and mostly play snipe there but primarily play on GSA. If interested please post on <http://gundar.proboards46.com/> and refer to this post when you do. Thanks
