How do i make object.ddb files? How do i make maps? how do i make a dedicated server and it stays open? is there some kind of chart for how to make cnc\_c130drops??

any <HELPFUL> websites i can go to to learn?

Dr. Hemroidi wanna learn how to do object.ddb thingys before anything else  
Well did u ever wanted to swimm across the ocean before learned swimming at all?

Sometimes it is needed to learn a few other things before you start with others...

OMG, I jsut noticed that you said something on how to make C130 drop mods. . . I wrote a tutorial on how to do this. . . [http://egames.servegame.com/Main/Renegade/Renegade\\_tutorials.php](http://egames.servegame.com/Main/Renegade/Renegade_tutorials.php) It's at the bottom of the page. And here's all the bots and scripts . . . [http://egames.servegame.com/Main/Renegade/bot\\_scripts\\_and\\_names.htm](http://egames.servegame.com/Main/Renegade/bot_scripts_and_names.htm)

LaeubiDr. Hemroid

Well did u ever wanted to swimm across the ocean before learned swimming at all?

Sometimes it is needed to learn a few other things before you start with others...

I'm willing to learn the things before, which would be..?

I asked around on Renegade WOL, a person said theres alot of coding to go through.. i know a little about coding because i mod on Generals ZH and Yuri's revenge, taught my self by oppenning other peoples maps
