Remember, it's ban, not bann.
Remember, it's RenGuard, not genguard.
Remember, it's I, not i.
Remember, it's when, not wen.
Remember, it's not, not no.
Remember, it's Renegade, not renegade.
Remember, it's please, not PLZ.

Remember he gets his kicks from picking on kids on an online gaming forum. You're just jealous you aren't as cool as he is.

Why would he get such a message then, if he didn't try to bypass...?

oh I know what this problem is and how to fix it. You got banned from the Renguard network. Buy a new game and install it, Then it will most likely go away.

After connecting about 10 times with an invalid game2.exe, gritters was banned from the network. He then attempted to change his nickname, get a new IP, and even reinstall RenGuard to try and get around his ban. Failing that, he decided to post here.

Wie lange hast du Englisch gelernt?
