This character is for the evil side "Unadahm", she will use weapons such as the Longbow, Shortbow and Crossbow.

The scar on her torso represents the teams logo and her dedication to the Unadahm Army.

Model And Texture: The God Zero

Looks okay, although the fingers look a lot longer then they should be.

Don't like it...she looks kinda' cross eyed with that helmet. Proportions a bit off too, there's an odd pinch beneath her shoulders, and the ripples on her pants are unrealistic. Bet this update was done by TGZ because Genocide only posts his work to make FOF somewhat good. Frankly, this isn't one of his better pieces.

I presume this crappy concept I ran into is what you followed...

Who are you? And you need better things to do with your time.

And genocide its pretty rude not to mention TGZs name anywhere.

TheGodZero is a valuble member of our team and we think his work is astonishing, his is a person who takes each pixel into considering, this work is very good and original.

SirPhoenixx- What can i say, she has manly features, yet she has wonderful femanine features too.

dodge1tis - The scar got there because women were opressed and the Unadahm leader did not enlist women into his army, she had to prove that she really was loyal enough and proved her faith by scarring herself.

GenocideSirPhoenixx- What can i say, she has manly features, yet she has wonderful femanine features too.

That's not what I meant. Her fingers are too long, they're stretched. The thumb itself should be almost the same length as the fingers, about one segment shorter, not half the size of the fingers.

When you flatten your hand, since the thumb is set back on the hand, the end of it is quite a ways back from the end of the fingers, even though it's not that much shorter. When your hand is in a resting position (which curls the fingers slightly and puts the thumb forward and under the hand), like that of the character in that screenshot, the thumb would appear closer in length to the fingers.

I don't like it. Maybe because of it's face... And if she hadn't boobs, I couldn't tell it's a female.

For the rest, the texture job is good.

intersting character i say..... intersting.....

but yeah. face could be improved.. but.. i see it as reasonable..

kool texture

ToolstyleShe does. The villaness is always the sexy one.

Oh yeah because god knows the prettiest girls are the ones that take the life of crime, instead of getting married to some old rich guy.
