What type of server do you plan on running?
Will it ever come online?
How long will it stay online?
What type of specs does your server have?
What upload speed does the ISP your server have?

These are important peices of information you should ask firstly to yourself then answer to us.
Those of us left with serials do not want to just throw them away.

I currently have 10 left.

Hi everybody,

I wanna host a ctf server and need a fds serial,serv will be up very soon and it will be on for
mostly 24/hrs a day (if fds dont crash...hehe)
The serv will be 6-8 players and hosted on cable

If you can help me get a fds serial,contact me at quebud@hotmail.com

Thanks for your help.

RR
