I hate the crazy frog and idiotic sweetie bird!! the worst part is, knowing the kind of idiots that buy singles these days, it'll probably go straight to number 1 and be on top of the pops

just for shits and giggles, <http://www.petitiononline.com/cfrs/petition.html>

Here here.

It really sinks to a new low when there's a single spawned from a ringtone, and a poor one at that. It just isn't funny without the insanity test picture of the F1 car.

The Core Problem is: If people won't buy it it won't be there.
SO better hate the people who buy that shit instead of the thing itself..

And if you sign 1000000 Petitions, it won't stop until stupid people will stop buying this shit.

that "i hate crazy frog" website is probably just as irritating. It just had some bingo advert with sound you couldn't mute.

yeah, that damn frog is played twice every advert break on ITV and C4 (that's two out of the 4 main UK channels) and it really does get old after the 50th or so time you hear it.

Not to mention it's either chavs or 25 year old retail workers who think they're "trendy" who bum the hell out of it.

I think that's the whole point. If they advertise it enough it becomes cool and all the thickheads think it's ace. We should be allowed to shoot sheep..

Also I noticed they do the crappy mono- ringtone. How the hell does that work? Beep bebebebeep eep eep eep
