Face the ugly ass right now :

"The pic is self-explanatory. And yes, ack has a skin."

It is as legal as your stupid leak. It will be posted everywhere on the internet as long as you keep bashing us, leak stuff and do illegal things.

It's only illegal to leak it if YOU HAVE A FUCKING COPYRIGHT. And, no, SAYING it is copyrighted doesn't mean it is. You need actual papers.

Your poor image editing skills almost rival your ability to 'mod',

You are desprate if this is the drivel you post. You utter faggot.

And he was posting to inform you of how much he cared. Which in this case is null. Your material is pretty poor as well.

I don't know whether to just hang my head at the human race or just to laugh at you as usual.

Renardin, your mod sucks, you can't seem to deal with it.

You're no better than Aircraftkiller if you have NO DEFENSE FOR THE SHITTINESS OF THE LEAK FROM YOUR MOD, ALL YOU CAN DO IS POST A PICTURE OF AIRCRAFTKILLER AND SAY "LOL HIS FASE IS UNGLY".

Get a goddamn life, Aircraftkiller has more of one than you and he just insults things all day.

False.

A copyright is created automatically as soon as it is made. All the paper does is guarantee that you created it first.

That would depend how he got ahold of them. As it stands right now, there is nothing to suggest he did anything illegal.

Really?

ACF on his/her siteWhen I dig around in their files again later on tonight (Yes I have full access to Reborn's garbage, where do you think I got this from? Having buddies that can hack into servers is great!)

EDIT: The opposite would be...erm...not hacking anything?

EDIT2: Sorry I made a slight irrelevant error in saying site not server.

If you're talking about Renardin (well the people who's work it is) then he/they didn't post it on a public forum he/they posted it on the private bits of the server. Which acf admitted to have had hacked.
