Hi all,

MP-clan is banning people for nothing, here my storie:

I was playing in Crazy CTF from MP. When i killed someone, he was cursing on me, so i told him to shut up, when he didn't stop, i was pritty mad. I was shouting to him, then they bann me, i went to there forum, to saying sorry, i got unbanned. When i went back, everything was back to normal, untill i join the server next day again, I WAS BANNED AGAIN!. for the same reason! but i didn't do it... When i said that on there forum, the won't believe me, and the banned me from: There Forum, Teamspeak and Crazy CTF (europe).

I know more people who are pissed on MP by almost the same mistake.

But 1 thing is the worst! THEY WON'T LISTEN TO YOU!

So guy's: Beware of MP-Clan, because they are banning you for nothing! and won't let you explain.

They probably have one of tthose retarded 12 year old mods, who are on a fucking power trip. There is nothing worse than those kinds of people. People who abuse their power because they think they can when they shouldnt. Only the responsible diserver such power. Only ones who are older and maturer deserve that kind of power!

It puzzles me why everyone uses the word "ban". I would not call the withdrawal of a free service someone's providing which you did nothing to deserve "banning".

Far be it from me to suggest you go play....o i dunno...AOW? The one the game is actually designed for? Fact is, its their server, and If their gonna be jerks, then don't go to their server. Easy as that. There's always regular CTF you could play too.

If you want it translated he was calling someone a cancer would you want someone that has such a sick mind playing on your servers. BTW this is the second time he has called someone a canceruos n00b so before you say anything you need both sides of the story and you have them now.

I'll admit, this kid's an idiot too, but how can you ban someone for calling others a "cancer"? "A pernicious, spreading evil" is a definition of "cancer" along with the well known "any of various malignant neoplasms characterized by the proliferation of anaplastic cells that tend to invade surrounding tissue and metastasize to new body sites" definition.

Personally, I see the MP clan as a cancer.

First off all, i lost 3 family members to that "pernicious, spreading evil" AKA wild growth of mutated cells. And so have several other members of MP, so we know WTF we are talking about when it comes to ppl wishing/saying cancer. it hurts us straight in the hart (Call it sentimental, call it weak whatever, fuck you on that subject)

So my reasons are grounded.

By calling someone "cancer n00b" your actually wishing they would get it and die, now thats flaming someone in the highest degree possible degree.

And think whatever you want about MP, the truth is its a close community. and if you dont like the the way we "protect" OUR servers then piss off..

We dont need anyone telling us how we run our servers, we are the ones coughing up the money. And the people who actively support us by donating money so we can continue to run our servers

First of all, if you haven't read... I lost an aunt to cancer almost a year ago. Next, I never said you can't run your servers as you want, I'm just stating my opinion, and you're getting all upset over an opinion. Get over it, it's my opinion. Also, there have been plenty of people that have been in and around MP that have all come to the same conclusion as I have: idiots galore. A tightly knit community of retards.

Thank you! We're all refreshed and challenged by your unique point of view, you ridiculous little carnival freak. In future, kindly proofread your posts before assaulting unsuspecting readers of this message board with a litany of misspellings, egregious grammatical errors, and other verbal atrocities.

It's just as well you can type, for if you had to speak your mind, you'd be speechless. I see you've set aside this special time to humiliate yourself on the Internet. Reading your post makes blindness a wonderful thing to look forward to. You bring to mind a quote from Josh Billing: "Doesn't know much, but leads the league in nostril hair."

You are about as entertaining as a child's inflatable punching toy. You bop it, it springs back, you bop it again and you forget it ever existed. It slowly deflates in an unused corner, then one day you throw it away. You are the kind of person who, when one first meets you, one doesn't like you. But when one gets to know you better, one hates you. Maybe you wouldn't be such a Jerk-In-The-Box if you weren't afflicted with mental retardation; if you weren't so fat that the elephants throw you peanuts at your local Zoo, or if you didn't have a face that people shove in dough to make monster cookies. No, come to think of it, you would.

Finally, take a look at this map. See this little tiny island, way out in the Pacific Ocean? That's where the people who care live.

ok ball,

So you say we are fucks, assholes, idiots, morons, selfish bastards,
no good imbeciles, totally retarded and above all insane??

Maybe, its true that not all of us are totally sane.

But face it who is.

And about circle jacking, i think your talking about your own experience there.

MP is simply a community dedicated to provide players with a playing ground for a various amount of games. Not just for renegade.

The fact that we provide these services should say more then: "Hello we are MP we come here to own you", it means: "Hello, this is MP Multiplayer community. We are here to provide you quality servers for your use! all we ask is that you respect our rules".

So yes our servers lag at times, however do you have ANY! id how much the load strain of a heavily modded server is? (like UltraAOW)

Or are you forgetting that all changes are done server side? wich means it has to transfer all these changes to the clients as well thus increasing the load strain, next to that if there are 30+ players lag should be EXPECTED. renegades code isn't as streamlines as UT's.

And next to renegade we also have several other server in other games such as CS:S.

*With we i mean:

All members of MP and all those that are willing to donate to MP to keep us alive.

Now then, with this said i only have two more words for you:

FUCK YOU!

I know what it takes to fund servers. I'm not an idiot as to what it takes to have a server. Granted, I've never actually set one up, but if I got people to do it for me, I'm damn well going to take advantage of it. That's besides the point, anyways. The fact of the matter is, I don't have stupid rules. I don't ban someone because a word may be offensive. I've felt the same pain that you guys have, and yet, I have a different opinion, so take it as it is... AN OPINION. If you don't like it, oh well, ignore it then. You certainly don't help my opinion of MP at all.

As for the circle jerking, I'm not part of a "close community", so I can't say that I've had the "pleasure" of a circle jerk.

With that being said, I also have 2 words for you:

GROW UP!

Grow up? thats rich.. what are you 13?
Get a life first.

I know what it takes to fund servers.
I'm not an idiot as to what it takes to have a server.
So you know we want to be protective of them, and that we own them.

Granted, I've never actually set one up, but if I got people to do it for me, I'm damn well going to take advantage of it.
Im curious, who might that be then?

That's besides the point, anyways. The fact of the matter is, I don't have stupid rules. I don't ban someone because a word may be offensive.
So if there yelling "GET CANCER AND DIE j_ball430!!!" you woudnt do anything against it? i find that to hard to believe.

I've felt the same pain that you guys have, and yet, I have a different opinion, so take it as it is... AN OPINION.

An oppinion yes, however you do not seem to know that other pll have different oppinions, and those people actually have the access/power to do something against it.

If you don't like it, oh well, ignore it then. You certainly don't help my opinion of MP at all.

I wouldn't give a rat's ass about your opinion, it's the fact that you're publicly flaming MP that makes me write this shit..

About ignoring, if we did that we would get a flame like that every 3 seconds.. or at least every time someone dies.

You DO know that not every country has a 16+ mark on their renegade disc do you? that means young children are playing this game as well. What would you do as a parent (Not that I am, but my imagination on that front is pretty damn good) if your son/daughter of 12~14 would use words like cancer, and "shut the fuck up and die asshole" to just about everyone that does something to him/her that he/she doesn't like.

Imagine that then complain about our rules.

As for the circle jerking, I'm not part of a "close community", so I can't say that I've had the "pleasure" of a circle jerk. Wink

lol, figures. so you got no friends here, that would explain a lot

With that being said, I also have 2 words for you:

GROW UP!

Been there, done that.. fuck off and.. erm.. well.. just fuck off >_>

19, you little twit.

I want to protect them from idiots like you, not necessarily hot heads like the moron who got banned.

Stryder and xptek are the main ones who set up the servers.

If someone calls me a cancer, I won't get offensive and kick/ban them... I'll just insult them back. If someone tells me to get cancer, I might take a little more offense, but I wouldn't ban... for very long.

I know all too well about people having different opinions. I'm not the one getting all worked up about some random person's opinion about the way I run my server(s).

The game is rated "Teen" which is actually 13. Kids as young as 20 months (yes... < 2 years old... though rare) are saying the word "fuck". I started swearing in 4th grade at the age of 10, so I honestly don't see what the problem is. Most kids probably start swearing by the age of 12, anyways, if not younger. Not to mention Renegade is a "violent" game, so I don't see how some random idiot's language is going to change anything.

I don't need to be a part of a community to have friends... idiot.

Shut the fuck up or actually act mature, either one's fine by me.

Get a life first.

I know what it takes to fund servers.
I'm not an idiot as to what it takes to have a server.
So you know we want to be protective of them, and that we own them.

Granted, I've never actually set one up, but if I got people to do it for me, I'm damn well going to take advantage of it.
Im curious, who might that be then?

That's besides the point, anyways. The fact of the matter is, I don't have stupid rules. I don't ban someone because a word may be offensive.
So if there yelling "GET CANCER AND DIE j_ball430!!!" you woudnt do anything against it? i find that to hard to believe.

I've felt the same pain that you guys have, and yet, I have a different opinion, so take it as it is...
AN OPINION.

An oppinion yes, however you do not seem to know that other pll have different oppinions, and those people actually have the access/power to do something against it.

If you don't like it, oh well, ignore it then. You certainly don't help my opinion of MP at all.

I woulndt give a rats ass about your oppinion, its the fact that your publicly flaming MP that makes me write this shit..

About ignoring, if we did that we would get a flame like that every 3 seconds.. or at least every time someone dies.

Imao!, seriously I take it you don't know my age. that's fine by me think of me as 12 then for all I care.

Community doesn't have to be "on line". I'd be happy to show you the definition of it but it would just be a waste of words for you as you wouldn't be able to grasp the concept.

AS for the fact that children of 10 years and down are using words like that should show you how well they are looked after, personally I would not allow such words to be used to to the severity and thought behind them.

As for the "teen" rating, yes in the USA that's 13, but in the Netherlands that's 15+, and in the UK IIRC that's 16+. (Then again.. UK is weird)

So if we decide to ban someone for words like that it's our call to make.

And to get the record straight, we unbanned him TWICE! he broke the rules again shortly thereafter.

So don't think we're totally heartless, we know what we're doing.

as for you, I don't care what you are going to say next.

But it's of no concern to me. you can just continue to flame or you could try to act like a normal guy and keep your opinions to yourself!

*And yes I know my spelling/grammar sucks, common fact.. sue me already!

j_ball430 wrote on Wed, 15 June 2005 13:54My aunt died last summer of brain cancer. Again, there are alternative definitions to "cancer" than just the disease.

Maybe the word cancer has multiple definitions in Englisch, but in dutch it only means cancer as the disease. Yes it is often used by dutch people. Like words like fuck are used a lot in america. We use diseases, although it isn't accepted by many people. And I know a lot of people who really take a lot of offence when people use words like this.

I would ban him, seeing some more of his quotes. I also see some discriminating stuff in his texts. And a lot of dutch translations of God Damned.

And DJM, we calling the englisch people weird, is the same as you calling the canadians and the french people weird. It has nothing to with racism, there is quite a lot of racism in the netherlands but we never use the word weird in that case.

A good example of what we can see as racism is this quote
Quote:[11:50] <MPMAPS5BOT> 08SVSbos : fuck you kanker turk

I take it that you honestly think you're smarter than me. You cannot seriously think that I don't know what "community" means. MP is an ONLINE community. I'm saying that I DON'T need an online community to have friends. Seeing as I prove this every day, I think it's best you shut up and think before you spout off at the mouth/fingers/etc....

I never said you can't run your servers the way you want to. I'm anti-censorship, so you're not going to convince me that censoring "cancer" is a good idea. Stop trying to put words in my mouth. You have nothing to go on, so just drop it. All that's going on is that I'm expressing my opinion, you take offense to my opinion and then try to call me immature, stupid, etc... GROW UP.

My words aren't the point. The matter of fact is that you obviously don't know the full meaning of the word.

Whether I know what it means or not has no effect on the fact you obviously aren't experienced in the use of sarcasm.

Now, why don't you climb onto that Special Needs tricycle of yours with the fourth wheel attached for extra-ensured retard stability and pedal your fat ass down to the sports field and do some "outdoors" stuff for a change.
