if i try to play ren with skins with renguard i get this message and renguard quits b4 i can do anything. and yes all the skins i have are renguard approved

"Microsoft Visual c++ runtime library"

buffer overrun detected
"Program: c:\westwood\renegade\game.exe"

"A buffer overrun has been detected which has corrupted the program's internal state. the program cannot safely continue execution and must now be terminated"
