I've seen that guy before. He's a famous street magician so he's always doing crazy stuff like that. Yes, it's obviously fake, but still pretty neat.

[EDIT]: His name is David Blain.

bigejoe14 wrote on Wed, 22 June 2005 00:43Because...?

Because he's an attention seeking little shit. He was on this English breakfast show and whenever the presenter asked him a question he just showed him the palm of his hand which had an eye drawn on it. He hardly spoke two words the whole show and didn't even explain the eye thing. He decided to live in a block of ice for no apparent reason. He stood on a pole for days again for no reason. He lived in a perspex box dangling from London bridge for 40 days or something like that with no food. That is why I think he's a moron.

Toolstyle, you're a moron. The guy's a street magician. Street magicians (any magician as a matter of fact) do that kind of stuff all the time. Like it's really his fault people want to have him on their T.V. shows.
