[10:22] RenGuard is attempting to auto update itself.. Please hold.
[10:22] If you have trouble with this auto update process, please go to www.renguard.com and download the new version from there..

Stays like that, when i try click on Renegade, the game gives an error (Windows XP program error)

any help? last time it did this, i reinstalled renegade and renguard

You have some virus of a sort that corrupted renguard, hence it tries to update to the newest version.

Re-Download RenGuard and scan your system for viruses.
