Everyone dies.

Oh, by the way, this message contains spoilers.

On a serious note, now it's been released, any thoughts on it?

(NB: Since EVENTUALLY someone will post an ACTUAL spoiler, I put it in this forum to save a mod the time when they have to move it because of all the flaming.)

This is the one where Harry speaks directly to the reader and tells you that you need to find a new hobby if you're under 15 and reading this.

I take it your spelling and grammatical skills are not quite on par with your reading skills then?

Surely it's just as easy to type "what" as it is to type "whut"? If you're going to spell like a moron why not go all out and type "wat"?
