Hey xxxxxxx,

I'm happy to see you share your FDS serials with everyone. I'm about to run my own server too, but the only thing stopping me is having no FDS Serial. So if you'd still have a spare one, send one to me, please. If you can't then I'll keep on looking.

Regards,
MavTaSe

EDIT: It seems that in my rush, I created a topic instead of a reply, my honest apologies for that.
