Blackmail? This isnt blackmail, dipshit, Black Hand Studios has to pay an ass load of money to keep Renegade alive.
You dont deserve respect. How long have you been trying to see if these hacks work? Who are you to demand respect?

The cheat I caught you using is legit, there are no false positives for this cheat.

So, the ban is legit, you have no grounds to argue.

Don't anger me.

There is a BIG difference between cheating and hacking. Can you guess what it is?

Don't make cheaters sound like they have even the least of intelligence. Anybody with half a brain can find a cheat website, click a download button and open the file.

At least hacking requires levels of intelligence.

If your story is true, you must be retarted indd to think you could get away with it. But you proolly just tried to bypass because you wanted to cheat. In both ways: carey the consequences. Mac's words say it all "bye".
