Let him have his privlages back. If he goes berserk with it again, report him, and they'll be once again revoked. Simple as that.

4. I dont care if it does or does not inconvenience him.

5. I dont care how highly he may think of himself.

...Sorry, had to state that. I really think he should just burn. Not even in hell, just plain burn. Forever. Until time ended. And then some. And then everyone who ever had to suffer through one of his posts would come back to life, in order to burn him for an eternity per person. That really adds up after even fuggin two.

I think a ban is going a little too far. He hasn't done anything that supersedes the given forum rules. He's just. . .sub-intelligent, by most of our standards, it seems.

1. Bleach your hair
2. Wear a dress.

then say.
